

ACTIVTRADES OPENS A NEW OFFICE IN NASSAU

June 2018

ActivTrades, a leading brokerage company, is pleased to announce the opening of a new entity in Nassau, ActivTrades Corp. This strategic move enables ActivTrades to better serve its international client base and business partners, especially in South America and Asia.

The new entity is fully regulated by the Securities Commission of the Bahamas and provides clients with the high level of protection synonymous with ActivTrades. All clients' funds are held in segregated bank accounts and clients benefit from negative balance protection, meaning that their accounts never fall below zero. ActivTrades is also offering a \$1 million funds' insurance policy, underwritten by participating syndicates at Lloyd's of London.

Clients registered with ActivTrades Corp will have the ability to trade with greater flexibility and utilise extensive trading conditions. Alessandro Gho, CEO of ActivTrades Corp, said 'This is an exciting time for ActivTrades. Our new office will allow us to better reach emerging markets, which over recent years, have shown an increasing active interest in our services and product offering. We are a successful global company and brand, our expansion further cements this.'

The news comes just 15 months after ActivTrades opened its Dubai branch to penetrate the Middle Eastern market, with a new office on the 17th floor of the world-renowned Emirates Financial Towers. ActivTrades also has branches in Milan and Sofia, while the headquarters remains in the City of London.
